“

Everything I do I think about making it pretty

”

PERSONALITY

ABOUT GIFTS

She accurately unwraps the gift and neatly throws the paper away. That's why she thinks it's about the experience, not only about the gift itself. That's also why she doesn't like to receive presents in front of a lot of people.

From 0 to 10, she rates the importance of aesthetics with an 11.

She hates receiving socks and gifts bought on the way.
